

E-Learning Day - Tuesday, February 16

Justin Smith - Room 302

U.S. History I - Honors and Regular

10<sup>th</sup> Grade (Some 9<sup>th</sup> & 11<sup>th</sup> Grades As Well)

**Assignment: "Atlas of U.S. History: America Expands to the Pacific"**

**Total Points Possible: 50 (Due Date: Wednesday, February 17)**

Dear Parents and Students,

The E-Learning Assignment for this class will be a Westward Expansion Atlas Assignment. The students will access the assignment on Active Classroom, a website they use in class from time to time. Here are the instructions for getting to the assignment:

1. Log onto [active.socialstudies.com](http://active.socialstudies.com)
2. A username and password will be required. The student will know their username and password. In case they have forgotten, it is the same as their BHS Google account. Here is an example of a username and password:

Username: [firstname.lastname@students.boazk12.org](mailto:firstname.lastname@students.boazk12.org)

Password: 08151978 (The student's 8-digit birthdate)

3. Once the student logs into their account, the assignment will be listed on the homepage. It is called "E-Learning Activity - Spring Semester 16."
4. Click on the link to the assignment. There will be a launch button to the far right. Click on the Launch button and complete the assignment.
5. The student needs to make sure to click "Save Progress" from time to time.
6. When finished, click "Submit for Review." If for some reason the student realizes a mistake, he or she may go back and fix the mistake, then click "Submit for Review" again.

The students have worked on this program throughout the year. Therefore, this is not a new process. The students should maneuver through the program quite easily.

Please contact me if you have any questions.
